Additional Comments:

1. Great speakers! Both sessions were great and students were very interested and engaged the whole time. My student groups were asking questions even as the sessions ended.
2. The presenters did a fine job. I would suggest that Marquette send juniors rather than sophomores, as it will be a little more real for juniors. Overall, a worthwhile experience for everyone.
3. Great choice of keynote speakers.
4. It would be useful to have the names of the presenters in the facilitator packet, and perhaps a short background note as well.
5. Students need to develop more questions. There were minimal interest/questions from students.
6. Visuals are needed.
7. Great job 2nd session asking questions. First group was shy.
8. I truly enjoy working with the nurses. I have worked with the nurses in previous years and have always learned so much from their leadership and participation in the students each year.
9. Great stuff! May want to add the idea of COMMUNICATION within the title as that seemed to be the overlying theme throughout the three presenters.
10. Well organized as usual.
11. Please consider moving Career Day to March or April. There are always conflicts with athletic events in May.
12. No one from Theater/Filming. Many students would have been interested in this.
13. Students did not participate in AM session.
15. I was with Animal Studies and Personal Services. The personal services session had three presenters and we could have used more time as we had to cut the presentations short in order to finish. However, the presenters were excellent!
