This Career Tracks is one in a series of six with each focusing on one of the personality types developed by John L. Holland, Ph.D., and connects it with a career path to follow at NMU.
You May Be ARTISTIC

IF YOU ARE:
creative, expressive, intuitive, imaginative, open, individualistic

IF YOU CAN:
sketch, draw, paint, play a musical instrument, sign, dance, design fashions or interiors, write stories, write poetry

IF YOU LIKE TO:
work on crafts, take photographs, perform for others, take art courses, attend theatre productions

Then Use Career Tracks to Explore These Possible Career Areas

Career Tracks provide you with sample paths to follow on the IDEAL career path. There are six Career Tracks brochures, and each is based on one of the personality types created by career theorist John Holland, Ph.D. His personality type system is the model for our occupational type Career Tracks that can aid you in identifying majors and careers. Career Tracks also suggest avenues for gaining insight to careers through internships, volunteering, and participating in student organizations.

More than likely, you will discover that you identify with more than one occupational type; this is a natural occurrence considering that occupations listed in the Career Tracks brochures are categorized by a combination of types. In fact, it is good to identify two to three possible types to explore. This way you can identify and determine which type fits your personality more specifically.
