School of Nursing
Bylaws

PREAMBLE:
The faculty of Northern Michigan University School of Nursing establishes these Bylaws as provided in the agreement between the Board of Trustees of Northern Michigan University and the American Association of University Professors, Northern Michigan University Chapter, for the purpose of clarifying the responsibilities of faculty members and the School in the conduct of the School's role within the University community.

Article 1  MEMBERSHIP

1.1 Membership in the School of Nursing (SON) faculty consists of all faculty holding academic rank in the SON, who are members of the AAUP bargaining unit and shall be referred to as SON faculty in these bylaws.

1.1.1 All SON faculty members shall have the right to vote on motions made at faculty organization meetings (FOM). Any member on leave or not in attendance may exercise the right to vote electronically or by proxy vote.

1.1.2 Each SON Faculty member may exercise his/her right to vote by attending the Faculty Organization Meeting (FOM), through an electronic vote, or by written proxy vote.

Article 2  SON CHIEF ADMINISTRATOR: ASSOCIATE DEAN/DIRECTOR – SCHOOL OF NURSING

2.1 The chief administrator of the School of Nursing shall be the Associate Dean/Director – School of Nursing (AD).

2.1.1 The AD shall be appointed and shall serve, in accordance with the Master Agreement and the SON Bylaws.

2.2 AD Selection
Should the SON chief administrator position become vacant, the SON faculty shall work in cooperation with the Dean to fill the position, in accordance with the Master Agreement (Article III).

1. An Ad Hoc Search Committee shall be formed to complete the department tasks.

2. The Ad Hoc Search Committee shall provide SON faculty with an opportunity to meet and provide feedback on all interviewed candidates.

3. Upon completion of the search, the Ad Hoc Search Committee shall forward its candidate recommendations, along with supporting rationale, to the SON faculty for consideration and vote.

2.2.1 The SON faculty, by simple majority vote, shall either approve or reject the recommendations of the Ad Hoc Search Committee (AHSC). The AHSC may revise recommendations for further consideration by the SON faculty.

2.2.2 Approved SON faculty recommendations, along with supporting rationale, shall be submitted to the Dean

AD Evaluation

2.3 The AD shall be evaluated in accordance with the Master Agreement (Article III). The process shall be coordinated by the Undergraduate Coordinator and the Executive Committee (EC).

2.3.1 An evaluation of the AD can be initiated at any time during an administrative term by two-thirds majority vote of the SON faculty in accordance with the Master Agreement (Article III).

2.4 The AD in collaboration with the EC, shall undertake a general review of faculty needs, course enrollment, and program needs.

2.5 SON Workload Guidelines

The AD, after meeting with the whole faculty, is responsible for developing mutually agreeable written guidelines to structure assignments in accordance with the Master Agreement (Article VI). These shall be referred to as SON Workload Guidelines. These guidelines shall be reviewed annually. The guidelines shall be reported by the AD annually, usually at the FOM Annual meeting in April.

2.6 The AD conveys information and relays concerns of SON faculty to the Dean. Conversely, the AD conveys information and relays concerns of the Dean to the SON faculty.

2.7 The AD has the responsibility for notifying the SON faculty of vacancies.

2.8 The AD shall coordinate the formation of SON Ad Hoc committees as needed. SON Ad Hoc committees formed for student grievances (including grade appeals), shall be in accordance with the NMU Student’s Rights and Responsibilities document for undergraduate programs.

2.9 The AD chairs Faculty Organization Meetings.

2.9.1 In the absence of the AD, the Chair of the Faculty shall serve as the FOM chair. In the absence of both, the Undergraduate Coordinator shall serve as FOM chair.

Article 3 FACULTY ORGANIZATION MEETINGS (FOM)

3.1 Faculty Organization Meetings (FOM) shall be held periodically throughout the academic year, at a time to be determined at the beginning of each semester.

3.1.1 Yearly Faculty Organization Meetings:

- Orientation Meeting: First meeting of the fall semester (August)
- Evaluation Meeting: First meeting of the winter semester (January)
- Annual Meeting: Last meeting of the winter semester (April)

3.2 FOM shall typically be held once a month during the academic year. At the discretion of the AD, or from a petition of at least two SON faculty members, additional FOM may be called. The agenda shall be provided by the individuals requesting the meeting.

3.3 **Quorum**
A FOM quorum shall be two-thirds of the current semester’s SON Faculty, not including SON faculty on an approved leave or on limited appointment.

3.4 **Voting**
All voting shall be decided by a simple majority vote of a FOM quorum, unless otherwise noted in the bylaws.

3.5 An agenda from the AD, and all SON faculty reports, including, but not limited to standing committees, SON representatives, and SON faculty with additional assignments, shall be electronically distributed by the submission deadline, prior to each scheduled FOM.

FOM submission deadlines are:
1. When the FOM occurs during the academic semester, the agenda and all SON faculty reports shall be distributed at least four (4) working days prior to the scheduled meeting.
2. When the FOM occurs during the first week of the academic semester, the agenda and all SON faculty reports are recommended to be distributed at least seven (7) calendar days before the meeting.

3.6 All FOM shall follow parliamentary procedure as established by the most recent edition of Robert’s Rules of Order (http://www.rulesonline.com/), except where it is inconsistent with these Bylaws.

3.7 All FOM minutes shall be filed and stored by the SON office, then deposited in the NMU archives per the approved document retention schedule.

3.8 The Faculty Organization Secretary shall be determined at the Fall Organization meeting. The Faculty Organization Secretary shall be responsible for FOM minutes.

Judgmental criteria for Continuing Contract Status shall be effective performance in the areas of assigned responsibilities and departmental service as defined for the rank of Assistant Professor (Bylaws 14.5.1 & 15.6.1).

10.2 Tenure Eligibility
SON faculty in Tenure Track appointments shall meet the eligibility criteria for Tenure as designated in the Master Agreement (Article V).

10.2.1 Tenure: Evaluation
Faculty applying for tenure must meet the terminal degree requirements (Bylaws 8.1).

Judgmental criteria for Tenure shall be effective performance in the three judgmental areas as defined for the rank of Associate Professor (Bylaws 13.3.2, 14.5.2 & 15.6.2)

Tenured Professors and Continuing Contract Status faculty at the rank of Professor will be evaluated every five (5) years. One or more annual evaluations prior to the scheduled five (5) year review may be required by mutual request of the department evaluation committee and the department head.

11.2 Judgmental Criteria for Evaluations:
As designated in the Master Agreement (Article V), the judgmental criteria focus on the three areas:
1. assigned responsibilities,
2. scholarship and/or professional development, and
3. service.
The bylaws describe activities that confirm levels of achievement in these three areas.

1. **Effectiveness in teaching and assigned responsibilities is the primary and most important criterion.**
2. Relative Emphasis:
Relative emphasis on service, scholarship and/or professional development must be specified in annual evaluation materials for faculty in tenure earning and tenure positions. For tenure earning appointments, this determination will be initially established in the letter of appointment and may be redefined subsequent to tenure as a result of dialogue between the faculty member, the departmental evaluation committee, and the department head.

3. **The emphasis for all judgmental criteria should be on the quality of the work, not quantity of activities.**

11.3 Contingent Faculty submit an annual evaluation documenting their accomplishments only in the area of assigned responsibilities (usually teaching). This will include:

FOM: Faculty Organization Meeting  
AD: Associate Dean/Director, School of Nursing  
FNP: Family Nurse Practitioner  
AHSC: Ad Hoc Search Committee  
EC: Executive Committee  
SAC: Undergraduate Student Affairs Committee  
UCC: Undergraduate Curriculum Committee  
GC: Graduate Committee  
PNCC: Practical Nursing Curriculum Committee  
PNSAC: Practical Nursing Student Affairs
1. Narrative/self-evaluation
2. Colleague evaluation
3. Student ratings
4. Evidence of unencumbered Michigan Nursing license
Contingent faculty may also document service, scholarship, professional development and other relevant information, but are not required to do so.

11.4 Term and Continuing Contract faculty must submit evaluations documenting an unencumbered Michigan Nursing license and their accomplishments only in the areas of assigned responsibilities (usually teaching) and departmental service. Documentation of accomplishments in other areas may be submitted, but is not required.

11.5 The annual evaluation document is submitted by February 1st to SON Executive committee. The annual evaluation contains evidence that required and optional items (listed in Bylaw Articles 13, 14, 15) were accomplished during the evaluation period. The SON EC confirms quality of achievements, compliance with required items, and provides guidance for ongoing improvement as well as suggestions based on review of faculty statements of plans. The annual evaluation also serves as a record of progress towards meeting the requirements for tenure and/or promotion or Continuing Contract Status.

11.6 Promotion and/or tenure documents are submitted by October 1st to the SON EC. The SON EC confirms eligibility criteria, secondary emphasis on scholarship and/or professional development, or on service as required by Article 5, compliance with required items, and both quality and quantity of all accomplishments (including achievements of plans stated in cumulative annual evaluation documents) that were completed during the Promotion and/or tenure evaluation period.

11.7 Documentation for Evaluation of Course Development and Teaching
SON faculty evaluation documents should begin with a list of assignments and credits (include courses, assigned responsibilities, with credits).

11.7.1 Evaluation of Course Development
Each course shall be addressed separately for evaluation of Course Development.

11.7.1.1 Course Description
Each course description should begin with a brief description of the content and teaching methodologies. SON faculty should indicate if the course is a newly-assigned, intermittent, or a regular teaching assignment, or if the course is an elective. Identify whether the course involves collaboration with other faculty. Include a brief description of the faculty member’s overall responsibilities in the course.

If the course is identified as an intermittent teaching assignment, include a brief description of preparations to teach the course. Further description of course development is not required.

11.7.2 Course Development
If the course is a regular teaching assignment, an elective, or a newly developed course, include a brief discussion of the faculty member’s contribution to develop and/or improve the course. Course

development in nursing courses is often accomplished through collaboration with other faculty.

Narrative may include evaluation of course changes in the current evaluation period. Narrative may also identify plans and/or goals for course changes in the next evaluation period.

Changes may be made to content and/or pedagogy and may be based on any, but not necessarily all, of the following:
1. Course or curriculum changes
2. Previous evaluation goals, student ratings, colleague/peer evaluation, and/or collaboration with colleagues/peers.
3. Professional development activities and/or self reflection.
4. Changes in content based on: practice standards, research findings, and/or evidence based practice.
5. Change in technology.
6. Change in clinical site.

The goal of change should be to improve students’ learning, within the limits of available time and resources. It is understood that overall, course changes are usually incremental and ongoing. However, not all courses require change.

11.7.1.3 **Course Development: Support Documents**
Support documents may include, but are not limited to:
1. Syllabus
2. Samples of work may include, but are not limited to: careplans, lecture outlines, case studies, simulation outlines, assignment directions, clinic activity/directions.
3. Course meeting minutes and/or peer letters.

11.8 **Evaluation of Teaching**
Evaluation of Teaching may be addressed as one section or may be evaluated separately for individual courses. SON faculty may refer to earlier sections of course development as needed. A qualitative, reflective self-evaluation of teaching shall also be included.

Support documents shall include, but are not limited to:
1. Student ratings
2. Appraisal of student learning and achievement of course objectives
3. Colleague/Peer Evaluation
4. Self reflection/evaluation

11.8.1 **Student Ratings**
Student ratings shall be obtained anonymously and shall follow the SON Guidelines. SON faculty may choose between using an electronic format or a paper and pencil format.

The computer printout of quantitative results and all student comments shall be included in an Appendix of each Annual Evaluation.

Student rating material shall be included in an Appendix of Annual Evaluations and Applications for

3. Quantitative results (arithmetic scores) and analysis
4. Qualitative analysis of student comments.
5. Raw data (bubble sheets) are not included.

11.8.1.1 **Student Ratings: Electronic Format**
The evaluation period shall usually include the final week of class or clinic and one additional week (finals week if at the end of the semester). The AD shall also be responsible for printing and distributing results to faculty.

11.8.1.2 **Student Ratings: Paper and Pencil Format**
SON faculty shall be responsible for:
1. Ordering rating forms and bubble sheets.
2. Student ratings shall usually be obtained during the final week of class or during finals week.
3. Ensuring that the evaluation process is anonymous. SON faculty should not be present when evaluation materials are completed and collected. A person, other than the SON faculty member should deliver the forms to the SON secretary.

11.9 **Colleague/Peer Evaluation**
A letter of support of a SON faculty members teaching effectiveness may be submitted based on a colleague or peer’s evaluation of teaching materials or teaching performance.

11.10 **Documentation of Advising**
A description and reflection on advising responsibilities.

11.11 **Documentation of Assigned Responsibilities**
A description and reflection on additional assigned responsibilities.

11.12 **Documentation of Scholarship and/or Professional Development**
Supporting Evidence of achievements shall be made available in the Appendices. This may include, but is not limited to:

A statement of plans for the coming evaluation in
1. teaching or assigned responsibilities
2. scholarship and/or professional development
3. service

11.15 Faculty are required to include in an Appendix of each Annual Evaluation, the EC evaluation letter from the most recent Annual Evaluation or Application for Promotion and/or Tenure or Continuing Contract Status.

Article 12 GENERAL PRINCIPLES for PROMOTION

12.1 The SON bylaws provide examples of common types of SON activities and are meant to establish a norm of possible activities. Other types of activities may be considered.
1. It is not expected that any individual shall be active in all of the examples listed.
2. When Promotion and/or Tenure or Continuing Contract Status are being considered, a history of sustained achievement of shall be expected.

12.1.1 Quality and quantity evaluations of achievement shall be considered in determining whether the judgmental criteria have been met.

12.1.2 Significant involvement in one criteria area can substitute for multiple involvements in other areas of the same criteria. SON faculty are encouraged to consult and clarify expectations with the EC and the AD as part of the Annual Evaluation.

Article 13 JUDGMENTAL CRITERIA in ASSIGNED RESPONSIBILITIES

13.1 Teaching

13.1.1 1. Teaching (theory, clinic, lab) was effective.
2. Maintained effective rapport with students to encourage learning.
3. Effectively evaluated students.

13.1.2 When assigned, develops a new course and/or works toward improving a regularly-assigned, existing course(s). This may include some, but not necessarily all of the following.
1. Modifying course content
2. Updating course forms and materials, including syllabus
3. Enhancing pedagogy: development and refinement of teaching-learning methodologies/strategies (discussion, group work, case study, simulation, lecture, assignments).

GC: Graduate Committee
PNCC: Practical Nursing Curriculum Committee
PNSAC: Practical Nursing Student Affairs
4. Developing and maintaining agency contacts for practicum/clinic experiences.
5. Other (service learning, use of technology, team teaching, directed study, interdisciplinary work)

13.2 Additional Assignments
1. Completes advising assignment
2. Other assigned responsibilities: Other assigned responsibilities are made by mutual agreement between the SON faculty member and the AD. If a SON faculty member has completed assigned responsibilities as part of their on load assignment, the faculty member must describe and assess one’s effectiveness in carrying out those responsibilities.

13.3 Criteria for Promotion: Assigned Responsibilities
Each SON faculty member is responsible for his/her continued competence as a classroom and clinical teacher in nursing. While it is recognized that at Northern Michigan University teaching is in general the SON faculty member’s prime responsibility, superior teaching results only from continued scholarly activity and reflection.

13.3.1 1. Promotion to Assistant Professor
Competent in subject matter. Works to develop effective classroom instruction and/or effective clinic/lab instruction, as evidenced by examples of work and peer and students evaluations. May have beginning course development responsibilities. Completes advising activities. Completes other assigned responsibilities

13.3.2 2. Promotion to Associate Professor
Proficient in subject matter. Evidence of ongoing teaching and course improvements; develops content and pedagogy appropriate to course objectives. Effective classroom instruction and/or effective clinic/lab instruction, as evidenced by student and peer evaluation. Effectively advises.

13.3.3 3. Promotion to Professor
Proficient in subject matter. Evidence of ongoing teaching and course improvements (content and pedagogy). Effective classroom instruction and/or effective clinic/lab instruction, as evidenced by student and peer evaluation. Effectively advises.

Article 14 JUDGMENTAL CRITERIA in SCHOLARSHIP and/or PROFESSIONAL DEVELOPMENT

14.1 SON faculty may choose this criterion as an area of effectiveness or emphasis (according to Bylaws 11.2)

Professional Development
“As a scholarly enterprise, Teaching begins with what the teacher knows. Those who teach must, above all, be well informed, and steeped in the knowledge of their fields. Teaching can be well regarded only as professors are widely read and intellectually engaged. . . . Pedagogical procedures must be carefully planned, continuously examined, and relate directly to the subject taught.” (Boyer, 1990, p 23-24)

14.2 Professional Development: Activities
1. Required: Maintains current Michigan Registered Nursing license.
2. Attends professional seminars, workshops or conferences that enhance or maintain currency in

professional expertise.
3. Engages in activities designed to enhance and maintain currency in teaching (subject area and/or teaching pedagogy such as:
   a. Courses in subject area or education
   b. Attendance at a professional seminar, workshop, or conference
   c. Self-study modules.
4. Completes course work required for the terminal degree.
5. Achieves and/or maintains specialty certification (e.g. ACLS, PALS, ATLS, or other nursing specialty).
6. Evidence of active membership and involvement in a professional nursing organization.
7. Other professional development activities.

Professional Development: Significant Activities (Items 8-11)
8. Achieves and/or maintains national nursing certification and/or state specialty nursing license, with rigorous requirements (e.g. FNP, PNP, CNS, Midwife, or others).
9. Achieves and/or maintains credentials as a Certified Nurse Educator (CNE).
10. Completes a Professional Development Sabbatical.
11. Other professional development endeavor or achievement that has been deemed significant after mutual discussion and agreement between the faculty member, EC, and the AD/D.

Scholarship of Application: Nursing Practice
“Application of knowledge moves toward engagement as the scholar asks, “How can knowledge be responsibly applied to consequential problems? How can it be helpful to individuals as well as institutions?...[it] must be tied directly to one’s special field of knowledge and relate to, and flow directly out of, this professional activity.” (Boyer, 1990, p. 21-22)

Scholarship of Application-Nursing Practice: Activities
1. Required: All SON faculty are expected to maintain their clinical expertise and be qualified to teach at least one nursing lab/clinic. (Clinic or lab teaching assignment meets this requirement).
2. Required for SON faculty who teach a FNP clinical course: Maintenance of a FNP clinical practice, as part of their teaching assignment.
3. Maintains a nursing clinical practice, outside of teaching assignment (as allowed by the Master Agreement).
4. Consultant in one’s area of expertise. Examples include:
   a. Contributes to the development and/or revision of a health procedure (e.g. policy, standards, protocol, guidelines), for an institution or health care agency.
   b. Provides education for an institution or health care agency.
   c. Develops program assessment/outcome tools.
   d. Provides expert testimony.

Scholarship of Application-Nursing Practice: Significant Activities (Item 5)
5. Other: A nursing practice achievement may be deemed significant after mutual discussion and agreement between the faculty member, EC, and the AD/D.

14.4 Scholarship of Discovery & Integration

GC: Graduate Committee
PNCC: Practical Nursing Curriculum Committee
PNSAC: Practical Nursing Student Affairs
“Scholarship of discovery comes closest to what is meant when academics speak of “research”. No tenets in the academy are held in higher regard than the commitment to knowledge for its own sake, to freedom of inquiry and to following, in a disciplined fashion, an investigation wherever it may lead….The scholarship of discovery, at its best, contributes not only to the stock of human knowledge but also to the intellectual climate of a college or university. Not just the outcomes, but the process, and especially the passion, give meaning to the effort.” (Boyer, 1990, p.17)

“Scholarship of integration…scholars who give meaning to isolated facts, putting them in perspective. By integration, we mean making connections across the disciplines, placing the specialties in larger context; illuminating data in a revealing way….serious, disciplined work that seeks to interpret, draw together, and bring new insight to bear on original research.” (Boyer, 1990, p.18)

**Scholarship of Discovery & Integration: Activities**

1. Engages in research activities (e.g. tool development, data collection, and/or analysis of data).
2. Author or co-author of an internal/external grant with submission of a grant report to support scholarly activities. First author, competitive, and funded grant proposals will carry more significance than second author, noncompetitive, unfunded grant applications.
3. Presenter or co-presenter at a local professional conference, either peer-reviewed or by request of a professional organization or group.
4. Completes peer reviews for a professional journal, book review, or professional organization (e.g. book, articles, electronic media, cases, protocols, grant applications).
5. Mentors a junior colleague or student in research or scholarship that results in an external scholarly product (e.g. Thesis committee, scholarly projects, and directed studies).
6. Other examples of scholarship of discovery and integration

**Scholarship of Discovery & Integration: Significant Activities (Items 7-11)**

7. Ongoing research (describe activities) that results in scholarship productivity. Research may include nursing topics or nursing education topics.
8. Scholarship productivity that involves nursing topics or nursing education topics. Examples include:
   a. Submission, acceptance and publication of a paper in a peer-reviewed professional publication (research, case studies, technical applications or other practice or teaching issues), as author or co-author.
   b. Author, co-author, or contributing author of a published book, book chapter, or other teaching/learning aid (e.g. simulation, case study, review questions for publication, computer program).
   c. Presenter or co-presenter at a professional conference (regional, national, or international), either peer-reviewed or by request of a professional organization or professional group.
9. Author or co-author of a competitive and funded internal/external grant. Determining significance of grant activity (see item #2) should occur prior to counting in this category.
10. Member of an editorial board or Editor for a refereed professional nursing publication.
11. Other scholarship of discovery and integration endeavor or achievement that has been deemed significant after mutual discussion and agreement between the faculty member, EC, and the AD/D.
