* Registration periods for Juniors, and Seniors are broken down into groups of approximately 300 students per period, using the students' earned hours to determine the group. Registration periods for Sophomores and Freshmen are broken down into groups of approximately 200 students per period using the students' earned hours to determine the group. If more than 300/200 students have an equal number of earned hours, that group is further broken down into different registration periods using a random selection.
