Education Students:

Phi Delta Kappa will be holding a Grant Writing Seminar this Friday, March 14th at 1:30pm in the Whitman Commons. Dr. Liz Monske and other education professionals will speak to future teachers regarding grant possibilities in the field of Education. Knowing where to find grants and how to write effective grants are necessary skills for all educators. This seminar is designed to give us all a crash course in grant writing. The seminar will consist of two parts. The first meeting, on March 14th, will be an opportunity to learn about the role grants play in the field of education. The session will be conducted in a Q&A format, as we learn answers to the questions: What is a grant? What types of grants exist? and How do we go about finding available grants? This will be the time to get your personal questions regarding grant writing answered as well. In addition, we will search for available grants and you, as attendees, can choose a grant that you would like to pursue.

The second part of the seminar will be held on Friday, April 18th at 1:30pm in the Whitman Commons, and will be a sharing and feedback session. We will share grants we have discovered throughout the month, discuss the grant drafts we have written, and conduct peer-editing. This is a wonderful opportunity for all students involved in the Education program and we strongly encourage you to take advantage of it.

We look forward to seeing you Friday, March 14th at 1:30pm in the Whitman Commons.

Thank you,

Jennie Mons
