ACADEMIC SERVICE LEARNING THROUGH FIELD EXPERIENCES
Superior Hills Elementary School is a learning community that welcomes the support services offered by ED 311-316 students. Our goal is to blend course objectives with community service to meet academic goals. Each student will contribute approximately 36 hours of service in the school. Through service, class discussion, and individual or group reflection, our curriculum goals will be clarified and enhanced.

Students will be assigned various placements in elementary classrooms throughout the semester. Tuesday from 8:40-11:20 students will spend in classrooms at Superior Hills Elementary School, Mrs. Barb Ojibway, Director of Field Experiences, will arrange and supervise this experience. While in the classrooms, students are expected to conduct themselves in a professional manner at all times. Each classroom experience is unique, and it is the student’s responsibility to take the initiative and make the most of the experiences. You are there to learn 1) about children, 2) about managing a classroom for optimal learning, 3) about how language arts is integrated throughout the curriculum, and 4) about how one teaches literacy to ensure success for all children.

Students planning to teach the language arts must demonstrate high quality use of standard English, both orally and in written work. If this is an area of difficulty for you, seek help at the Writing Center on campus and/or purchase the text Write Right: An English Handbook, Phi Delta Kappa, 408 N.
