Dear Parents,
I feel a hockey school is an important component to a successful college hockey program, and we are excited to be able to bring a completely new and dynamic program to the Upper Peninsula. Hockey is a game of fundamentals. The best coach is one that teaches these fundamentals and the best players use them as a natural response. This will be the focus of our program: to develop the fundamental skills it takes to play hockey, as well as an understanding of the basic concepts it takes to be a complete player.

Please review our brochure and feel free to call us at the Recreational Sports Office with your questions. We look forward to seeing you this summer and please follow the CATS!
