This application is designed to serve as an initial application to a Michigan charter school authorizer pursuant to the Revised School Code for a charter public school. Once completed, it will be used by an authorizer to determine whether to invite an applicant to advance to a second phase application and review process. Charter school contracts will be issued on a competitive basis.

The Phase One Charter Application form offers an opportunity for charter public school founders to briefly outline their program components and objectives in short narrative form for all prospective authorizers. If initial interest is expressed, then an applicant may undertake the more comprehensive, rigorous Phase Two application process for a particular authorizer. This streamlined procedure should help save valuable time and resources for applicants and allow authorizers to concentrate their energies on the state's most promising charter school programs.

It is important to note that acceptance of this application does not bind an authorizer to issue a contract to any person or entity. All authorizers retain the right to approve some or none of the applications submitted. In addition, authorizers retain the rights to: (i) alter these documents at any time, (ii) require the submission of additional materials, (iii) return incomplete applications, and/or (iv) make applications available to others in compliance with the Freedom of Information Act.
