Additional Comments:

1. Excellent.
2. This was a valuable interesting experience. Thank you.
3. I listened to two great presentations today. Both sessions had a variety of knowledgeable speakers.
4. The panel was fantastic. Very informative. The students were awesome! They all were polite and asked great questions.
5. All presenters were well prepared and were great!
7. Dead time-no presentation plan. All-well prepared.
8. Great job. Wonderful building. Good always to have businesses connect with students.
9. Ishpeming manager went long and rambled.
10. Five speakers total. All did a fairly good job.
11. Panels did a nice job.
12. The presenters commented they were impressed with the organization of the day and the packets sent out ahead of time…As a facilitator, it was hard to squeeze in lunch.
13. Awesome.
14. Students seemed unprepared with questions. We had large gaps in the conversation, many seemed disinterested and a few said they didn’t know why they were assigned to the session.
15. Great information. Detailed costs, descriptions, etc. The Vet brought two pets. The medical careers brought machine/instrument for hands on practice.
16. It went great.
17. Please update your information. Jamrich lecture hall #102 no longer exists.
18. The panel was great. The kids in the Dental/Vision Seminar lacked much interest or energy. Only one student asked questions, so I ended up asking random questions to kill time. We were done about 15 minutes early with nothing left to discuss. My criticism here is with the students…not the panel.
19. Excellent presenters. Poor attendance at the first event, and the presentations were awesome. I wish the room had been packed!
20. Doctors (Joe Steel & Jay Soni) did a nice job. Entertaining and held the student’s attention. Demonstration with the ultrasound machine was a big hit. Having things to play with was really nice.
21. I love this program but feel that the sessions could possibly be decreased in time and increased in number of sessions. Example: ½ hour sessions, but kids go to 3 of 45 min sessions @ 2.
