

Ski Area Business Management

Do you love skiing so much that you would like to make a career out of it? NMU and Gogebic Community College have combined their technical and management programs to offer a bachelor's degree in Ski Area Business Management.

The Ski Area Business Management major at Northern Michigan University is a joint program between NMU and Gogebic Community College in Ironwood, Michigan. At GCC, students learn the technical skills necessary to manage ski areas or functional areas in ski area operations. At NMU, students gain comprehensive knowledge of accounting, finance, management, marketing, and computer information systems. Graduates of the Ski Area Business Management program are placed at resorts nationwide.

Skills and Competencies

Like other degrees, you will be exposed to a variety of academic coursework as a Ski Area Business Management major. In the process, you will acquire new skills. Specifically, your communication, analytical, technical, and computer skills will be challenged and strengthened. Strong communication skills are, after all, necessary in every career field today. Ski Area Business Management is no exception. You will need to develop effective writing skills, as well as oral presentation, persuasiveness, and computer and data processing skills. Leadership and public relation skills are also important. The ability to think critically, solve problems, and negotiate are important in this field, too. You can expect to be exposed to academic coursework and experiences that challenge you to further develop these skills.

Course Work

This degree includes the following courses as part of the program requirements, and specific major requirements along with general education courses and graduation requirements.

Detailed course descriptions can be found at www.nmu.edu/bulletin.

Career Development

You should begin the resume-building process as soon as you can. The Academic and Career Advisement Center can assist you with career planning, while Career Services will help you fine tune your resume and look for jobs related to your field. In the meantime, the more hands-on experience you have, the better the chances are that you will find a job. Becoming involved in a professional related internship is a way to develop your professional skills and gain experience. Your academic course work is important as well, so be sure to maintain a high grade point average.

Additional Considerations

Due to course sequencing and pre-requisite course work for admission to the NMU College of Business, this program can take four to five academic years to complete. To finish the program in a timely manner, students should select one of two options: (1) Attend Gogebic Community College for two years, complete an associate degree in ski area management, and transfer to NMU to complete the bachelor's degree; or (2) Attend NMU for one year, transfer to Gogebic Community College for two years, complete an associate degree in ski area management, and transfer to NMU to complete the bachelor's degree.

Job Outlook

Starting salaries will vary with the region of the country in which graduates are employed, but will range from \$23,000-\$28,000. Growth rates should be average for most professions in this field.

Potential Careers

NMU's Ski Area Business Management Program prepares students for employment in the following careers:

- Entrepreneur
- Grooming Manager
- Guides
- Insulation Manager
- Lift Manager
- Manager of Equipment Operations
