NMU EduCat^{TM} Course Homepage Overview

The EduCat screen contains boxes in a three column layout with a navigation menu on the left. The other boxes in the left and right columns are referred to as "**Blocks**," and the boxes in the center column are referred to as "**Sections**." Course content is organized in the center column using a topic or weekly outline.

The gear icon is used for course administration. Here you will find links to change overall course settings as well as setup your gradebook, question bank, and student groups.
