

NEXT GENERATION SCIENCE EXEMPLAR (NGSX)

The Practices of Science, eight identified actual practices employed by scientists, are a big part of **making sense of our world and problem solving**. These practices of science **help students investigate phenomena for the Next Generation Science Standards** taught in schools. The NGSX program highlights how to implement NGSS with students in a way consistent with the vision of these new standards and begins the **shift from learning about to figuring out!**

Online Registration:

<https://tinyurl.com/NGSXMOTW2019>

Note: Participants must sign up for all five days as a collective workshop series.

These materials were developed under a grant awarded by the Michigan Department of Education.

Dates:

February 5, 2019

February 19 2019

March 19, 2019

April 9, 2019

April 23, 2019

Time: 8:00 a.m. - 3:00 p.m.

**Location: Seaborg Center, NMU
West Science, Room 2806**

Who: K-12 Teachers

SCECH's Available

2 Graduate Credits Available
