

Congratulations, SLFP!

Congratulations to the Student Leader Fellowship Program for being selected as the 2016 U.P. Service Award recipient in the volunteer program category! This award recognizes all the important work of over 1,000 student fellows, past and present, local community leaders who volunteer as mentors each year, and the community service internship site advisers that welcome our student leaders into their organizations to practice and develop their skills.

The awards are hosted by the GLCYD to recognize outstanding volunteer efforts throughout the UP. The 2016 U.P. Service Award plaque received by the SLFP states, "For mobilizing people and resources to deliver creative solutions to community needs."
